PTX Universal PanTilt Heads

Model 1
6" x 6" x 11"
(152 x 152 x 279mm)
7 lbs / 3.2 kg

Model 2
8" x 11" x 15.5"
(203 x 279 x 394mm)
20 lbs / 9 kg

When used with your favorite camera or camcorder, **PTX Universal PanTilt Heads** provide you with a new dimension of production functionality and versatility using a joystick and various hardware and software interfaces.

In addition to pan and tilt, the **PTX** fixtures provide control of zoom, focus, iris, and record start/stop for many LANC and Panasonic cameras, as well as full **VISCA** CCU control of cameras like the AJA RovoCam and Marshall CV-350 which support the full VISCA command set.

And because they accept full **DMX** control, they can be added as fixture profiles in lighting consoles and software, allowing the lighting designer to program scenes which include both lighting and video presets.

**AJA • ARRI • Blackmagic • Canon • Datavideo
GoPro • JVC • Marshall • Panasonic • RED • Sony
and others**
